RAISING FUNDS FOR SUGAR FACTORY

Salt Lake, Dec. 9.—At an enthusi-astic and largely attended meeting of farmers and business men of the southern and western part of the county in South Jordan, last night. it was voted unanimously to raise the money and beets necessary for the establishment of a sugar beet factory in that section. A committee was appointed to take charge of the matter and obtain pledges to raise 6000 tons of beets and take subscriptions for money for the erection of the plant.

resenting the Utah Lake & Irrigation company, declared that the company would donate forty acres of land and a water right for the factory site. The proposition that a packing house as an adjunct to the beet sugar factory be erected was favorably received and practically every person sig-nified a willingness to subscribe for some of the stock. Another meet-ing will be held at the new high school in Sandy within the next few days when the report of the commit-tee will be heard.

Samuel H. Howard of Riverton, rep-

J. W. McHenry of Murray acted as chairman of the meeting and in a brief address explained that to insure the success of the factory the beet crop of the county must be doubled at least. He said that 3000 tons of beets were being raised in Salt Lake county annually and sent to outside factories. The question, he declared, was not so much as to whether the farmers could and would raise the beets as it was whether the residents of the district cared to pro-vide the money for the factory or let the work be done by outside capital. The vote was unanimous in favor of obtaining local capital by means of

Mrs. Hannibal, her-self more than 90 years old, had not been able to descend the stairs to investigate.

Young Hannibal notified the police and Detectives George Cleveland and Carl Carstensen investigated. They found a mass of charred papers and magazines on the floor of the kitchen In their opinion, the papers had caught fire and filled the house with smoke. All doors and windows were tightly closed, which condition doubtless prevented the house from being burned.

The body of the dead woman was removed to the Evans undertaking es-tablishment. A son, A. J. Williams, who lives at Lake Point, was notified and arrived here last night. Funeral arrangements have not been
